WELCOME TO THE API-OWNED HOLIDAY GIFT GUIDE!

Happy Holidays! This year's festivities are looking a little different for all of us, but we can still make an effort to create a sense of normalcy. For many businesses in the Sacramento area, the COVID-19 pandemic has greatly affected the way they operate and get their products out. According to StopAAPIHate.org, in 5 months (March 2020 – August 2020), API businesses were the target of 38% of hate crimes. The unemployment rate in the API community reached an all-time high this year, at 10.7%, the second highest demographic in unemployment. We, at the Sacramento Asian Pacific Chamber of Commerce, realize these challenges and have been working hard to shine a light on API-owned small businesses and support them in any way possible.

That's why we've created our first-ever gift guide- a one stop-shop for everything you could ever need for the holidays! The best part? Every one of these businesses is API-owned, so you can cover all the essentials while supporting our community! From food to florals, from candles to makeup, you're sure to find something for everyone you're shopping for. Thank you for using this guide, and remember- when small business wins, we all win.
